■ وهي شركة متخصصة في قطاع توريد وتركيب

كافة حلول الشبكات وأنظمة التيار الخفيف

وأنظمة الاوديو والفيديو.

■ مقرها القرية الذكية B143-102.

■ El Amin Establishment was established in 1995 and started its activity in the field of trading and importing computer supplies. Then its activity was developed to include computer networks in 2003 and since that time it has been working in the Egyptian market with stability and growth with the aim of providing all the necessary needs for companies working in the field of computer, information and communication technology and companies working in the field of light current systems. Until we have now reached the provision of 5000 items in one showroom and throughout this period and over the course of 27 twenty seven years; And we took for ourselves a motto that we called **(4 Best)**.

■ In the end, we are racing against time and continuing day and night to develop and improve our services and provide everything that is new in the global market to participate in supporting Egypt towards the gateway to the future.

تأسست مؤسسة الأمين عام 1995 وبدأت نشاطها في مجال تجارة واستيراد مستلزمات الكمبيوتر ثم تم تطوير نشاطها ليشمل شبكات الكمبيوتر في عام 2003 ومنذ ذلك الوقت وهي تعمل في السوق المصري باستقرار ونمو بهدف توفير جميع الاحتياجات اللازمة للشركات العاملة في مجال الكمبيوتر وتكنولوجيا المعلومات والاتصالات والشركات العاملة في مجال أنظمة التيار الخفيف حتي وصلنا الآن إلى توفير 5000 صنف في صالة عرض واحدة وطيلة هذه الفترة وعلى مدار 27 سبعة وعشرون عاما وقد عاهدنا أنفسنا علي ان نحرص دائما علي كسب ثقة عملائنا واتخذنا لأنفسنا شعار أسمىناه (4 Best).

وفي النهايه نحن نسابق الزمن ونواصل الليل بالنهار لتطوير وتحسين خدماتنا وتوفير كل ما هو جديد بالسوق العالمي للمشاركة في دعم مصر نحو بوابة المستقبل.

Our Mission

Through our deep knowledge of the Egyptian Market needs and Customer expectations, we maintain the well known Reputation through: Sufficient stock level of all the Products related to Networking Solutions and consider our experience in the Distribution business to smoothly support our Partners on different levels like: Technical, Sales, Marketing, Design, consultation, logistics and best practices for the Industry to proof the common statement that the (Customer Comes First) El-Amin Company isn't only interested in providing the latest and best equipment and materials to its customers, but also cares about training them on how to deal with it, so we prepared Training halls by using scientific and practical means To provide the best training methods with the participation of our partners

Our Vision

To be the most preferred IT Retail Shop for our Valuable Customers in the whole Egyptian Market.

من خلال معرفتنا العميقة باحتياجات السوق المصري وتوقعات العملاء

نحافظ علي سمعتنا المعروفة لدى الجميع وذلك من خلال: المحافظه على مستوى المخزون الكافي لجميع المنتجات المتعلقة بحلول الشبكات واعتماداً على خبرتنا في مجال التوزيع لدعم شركائنا بسلاسه على مستويات مختلفة

مثل: " المعرفة التقنية وخبرة المبيعات والتسويق والتصميم والاستشارات الهندسيه والخدمات اللوجستية وأفضل الممارسات لأصول الصناعة " لكسب ثقة عملائنا ولأثبات ان (العميل أولاً).

شركة الأمين ليست تهتم فقط بتوفير أحداث وأفضل المعدات والخامات لعملائها، ولكن أيضا تهتم بتدريبهم على كيفية التعامل معها لذلك قمنا بتجهيز قاعات للتدريب بأحداث الوسائل العلمية والعملية لتوفير أفضل سبل التدريب الحديثة بمشاركة أفضل الشركات.

أن نكون أكثر متاجر البيع بالتجزئة المفضلة لتكنولوجيا المعلومات لعملائنا الكرام في السوق المصري بأكمله.

D-Link

About D-Link:

D-Link helps you connect to more of everything with our innovative approach to computer networking. From relatively modest beginnings in Taiwan, the company has grown over the last 35 years into an exciting global brand offering the most up-to-date network solutions.

Whether it is to suit the needs of the home consumer, a business or service provider, we take pride in offering award-winning networking products and services. We will continue to lead the way in building networks for people around the world.

Company Overview:

Founded in 1986, D-Link is a global leader in the design, manufacture and marketing of advanced networking, broadband, digital, voice and data communications solutions.

Following our company motto, "Building Networks for People", D-Link continually meets the global networking and connectivity needs of digital home consumers, small office professionals, small- to medium-sized businesses, and enterprise environments.

D-Link's core competency is in Ethernet connectivity. In fact, we are the global leader in providing network connectivity solutions to small and medium sized business. From the beginning, D-Link engineers have researched, designed, and manufactured innovative, standards-based networking solutions. We sell our state of the-art hardware at the best prices. Price may be the deciding factor for many new customers, but D-Link innovation, reliability and service keeps them loyal year after year.

A major contributor to our success is our established and expanding network of global distribution and delivery channels that brings products to more than 100 countries every day. We do more than meet the growing demand for computer networking and communications solutions via our development of global distribution channels in more than 100 countries has resulted in double digit growth every year for 20 years. D-Link surpassed the \$1 billion revenue milestone in 2005, driven by record sales in every geographic region of the world.

Innovation Leader:

Our engineers have been key contributors to the development of the rapidly expanding home and business networking environment we take for granted today. D-Link has been awarded patents and copyrights on a variety of technology platforms - including Application Specific Integrated Circuit (ASIC) computer chips, hardware technology designs, software applications and other intellectual properties. D-Link product solutions are high-performance and feature-rich by design. As a key contributor to the Digital Home Working Group (DHWG), D-Link embraces industry standards as criterion for the development of new and innovative connectivity and communications solutions for home and business. D-Link products are certified by the FCC, the Wi-Fi Alliance, and Cable Labs.

Our Vendors

D-Link

■ Network Infrastructure

At D-Link, building networks is what we do. Our cabling solutions have the specifications you need, the certifications you expect, the installation options you want, and the guarantees you demand – at a price you can afford.

■ Fiber-Optic Cabling

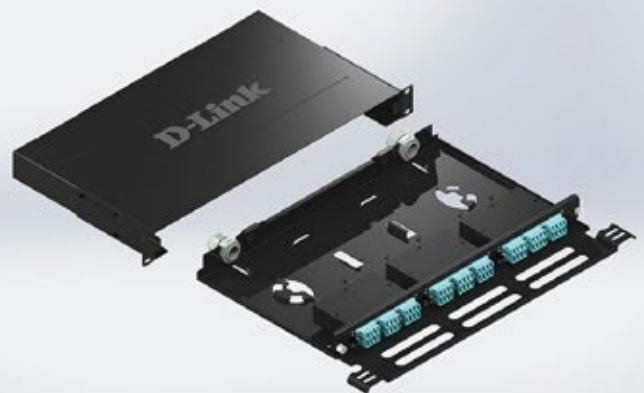

D-Link covers the full range of indoor and outdoor fiber-optic solutions, from Private Enterprise Backbone Networks to Data Centers.

D-Link offers a complete range of Fiber solutions for Enterprises and Data Center (DC) scenarios, covering the patch cord, the patch panel, and the cabling itself, with both multimode (OM) and single-mode (OS) options available.

■ 3 Types of Termination

All D-Link fiber cabling solutions have patch panel options in...

- Direct Connection
- Fusion Connection
- Cassette Module

■ High-density Patch Options

- High-density angular Fiber Patch Panels for Data Centers.
- Seesaw LC Patch Cord for High-Density Applications.

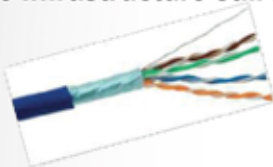

D-Link

Copper Cabling Solutions

Whether you are wiring up a new building, or upgrading an old one, D-Link has all the copper cabling, accessories, and options you need to bring in your project on time and on budget. From the patch cords to the keystone jacks – we've got you covered.

Cat 5e

Capable of serving small premises with modest bandwidth needs, Category 5-enhanced (Cat 5e) solutions deliver Ethernet, Fast Ethernet, and Gigabit Ethernet speeds (10/100/1000 BASE-T), and are backwards-compatible with any legacy Cat 5 infrastructure still in place.

CAT 5e FTP CABLES

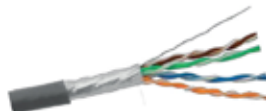

CAT 5e FTP OUTDOOR CABLES

Cat 6

The future-ready standard for any enterprise, Category 6 (Cat 6) infrastructure can reach 10G Ethernet speeds at a range of up to 55 meters, while still offering Cat 5/5e backwards compatibility if needed. D-Link offers both shielded (STP) and unshielded (UTP) options.

CAT6 UTP 23 AWG CABLE

CAT6 FTP 24 AWG CABLES

CAT6 SFTP CABLES

DLINK KATALOG SCS_Guide_2018 CAT 6 FTP 23 AWG CABLES

CAT6 FTP DOUBLE SHEATH OUTDOOR CABLES

Cat 6a

With their robust shielding (STP) and lengthy range (10G at 100 meters), our Category 6a solutions are well-suited to industrial applications that have a lot of ground to cover such as Factories, Warehouses, Oil Refineries, and Data Centers.

CAT6a UTP CABLES

CAT6a SHIELDED CABLES

Our Vendors

D-Link

CAT6a UTP CABLES

Enhanced performance cable for transmission of high speed data, digital and analogue voice and video (RGB) signals on LANs. Supports Gigabit Ethernet (10 GbaseT) standard. Operates at bandwidth of 500 MHz. This cable well exceeds the requirements of TIA/EIA568 C. 2 Category 6 A ISO11801 2 cot Class E. Exceeds all requirements for IEE802.3 at.

Cat6 Unshielded Angled 24 Port Loaded Patch Panel

D-Link Category 6 angled patch panels are six port RJ 45 modules applied and suitable for 22 26 AWG stranded and solid wire, compatible with both 110 & Krone punch down tools. D Link patch panels have improved Cable Management with optional Cable Management bar terminating 4 pairs UTP cable. They are complied with the ANSI/TIA/EIA 568 C. 2 standard.

The D-Link Modular Plug Crimper is suitable for the crimping of RJ45, RJ 11 and RJ 12 modular plugs. It fits 22 26 AWG wires. The Punch Down Tool helps with the termination of twisted pair cables to the keystone jacks. The colour coded yellow handle on the cut side of the tool reduces the chance for termination errors. The simplified internal impact mechanism eliminates jamming for longer, trouble free service.

D-Link CAT 6 e UTP Patch Cords are high quality four pair twisted stranded cables terminated with RJ 45 modular plugs at both the ends. It is as per the TIA/EIA 568 C. 2 standard. These patch cords are appropriate for high speed data transmission.

CAT 6 UTP PATCH CORDS
CAT 6 STP PATCH CORDS
CAT 6a SHIELDED PATCH CORDS
CAT 6a UTP PATCH CORDS

CAT 6a UTP KEYSTONE JACKS

D-Link Category 6 a keystone jacks are RJ 45 8P 8C 50u jacks suitable for 22 26 AWG stranded and solid wire, compatible with both 110 Krone punch down tools. They are available in universal labels Colour coded for T568 A and T568 B wiring schemes and fit in high density keystone patch panel. It supports IEC 60603 7-4 and complied with ANSI/TIA/EIA 568 C.2 standard.

BACK BOXES

D-Link Backboxes are available suitable for both single, dual and quad Faceplates

CABLE STRIPPER

This stripper is easy and safe to use, punchdown wires on modular connectors. Strip twisted pair UTP/STP data cables and wires and terminates wires into 110 blocks.

D-Link

FIBER OPTIC COMPONENTS | SC ADAPTERS

D-Link offers a full range of SC adapters that have compact design & high precision, which perform well under various circumstances & maintain good plug retention strength. Simplex and duplex adapters are available. The sleeves are basically recommended zirconia split type, the phosphor bronze split.

FIBER OPTIC COMPONENTS | LIU FIXED 1U / 2U

D-Link 19 inch Fixed Optical Fiber Interconnection Units are the smaller basic patch panels & cabinets used in interconnecting, cross connecting, or splicing applications in LANs at a premise location.

UNLOADED PATCH PANELS

D-Link Unloaded Patch Panel 24/48 port RJ45 modules applied and suitable for Cat 5e, Cat 6 and Cat 6 A D Link patch panel have improved cable management with optional cable management bar terminating 4 pairs UTP cable

NETWORK LAN TESTER

The D-Link LAN Tester can be used for testing RJ45 cables, RJ11 telephone cables and network cables. It keeps your network running smoothly by testing wrong connection, short circuit and open circuit. the two part unit can be separated for remote closet testing.

CABLE MANAGERS

A range of cable management bars designed to fit in standard 19 racks and cabinets. It mounts on standard cabinets to provide a clean, beautiful and simple means of organizing from small bundles to large bundles of cables and patch cords. The cable managers are available with metal rings type, brush manager type and metal cable management bar with cover.

CAT 6a FTP KEYSTONE JACKS

D-Link Category 6 A FTP keystone jacks are RJ45 8P 8C 50u Jacks suitable for 22 24 AWG stranded and solid wire, compatible with both 110 & Krone punch down tools. They fit in high density keystone patch panel. Compliant with TIA/EIA 568 A and B.

CAT 6 FTP KEYSTONE JACKS

D-Link Category 6 keystone jacks are RJ45 8P 8C 50u jacks suitable for 22 26 AWG stranded and solid wire, compatible with both 110 & Krone punch down tool. They are capable of re termination. They are available in universal labels Colour coded for T568 A and T568 B wiring schemes and fit in high density keystone patch panel.

FACEPLATES & MODULAR INSERT

D-Link offers a range of high quality, stylish designed Faceplates for professional installations, fully compliant for copper cabling systems. The Faceplates are inbuilt with shutters which are compatible with any standard coloured keystone jacks.

Our Vendors

DINTEK LAN CABLING SYSTEMS

About DINTEK:

DINTEK Electronic Ltd is a leading manufacturer of LAN cabling systems and tools. Founded in 1990, DINTEK is headquartered in Taiwan and has a subsidiary in Switzerland covering the European market.

DINTEK offers structured LAN cabling systems for Cat.5e, Cat.6, Cat.6A, Cat.7 and Optic Fibre. For each of these categories, DINTEK supplies the cables, component, eg patch panel, patch cord, jack, plug, wall plates, etc, as well as tools and kits.

Cabling systems to a network are like blood vessels in a human body, they carry the messages (the blood) to ensure the right information (the nutrient) is delivered accurately and timely. DINTEK designs and manufactures all its products under the management of the core team in Taiwan to ensure the best product quality. Not only that they ensure their cable products meet all international standards, they also design parts and tools to ensure that terminations are done with precision and minimum effort and time, and the end results are neat and tidy.

For the benefit of large and small projects, DINTEK has designed a DCI – DINTEK Certified Installer training course. For projects connected using mainly DINTEK products and are installed by DINTEK certified installers, DINTEK provides a 25-year warranty, for their products to be free from defects (conditions applied).

In 2017, DINTEK's termination kit TECHBENCH has won the Cabling Innovators Awards run by the Cabling & Maintenance Magazine in conjunction with the BICSI Vegas conference. TECHBENCH allows the installers to work in confined spaces in front or back of telecommunications racks and ensures the terminations are carried out easily and effortlessly.

DINTEK
LAN CABLING SYSTEMS

25yr Warranty

Network Quality & Performance Guaranteed

DINTEK 25yr Warranty System

The DINTEK 25yr System Warranty provides the recipient with the security and assurance of knowing that their installed DINTEK system will provide the performance they need to meet their long term networking needs.

The program offers a 25-year standards based product, system performance and application assurance warranty that applies to all certified and registered links in an installation project.

The program warrants that these links will meet minimum performance requirements as specified in the relevant Commercial Building Telecommunications Cabling Standards (EIA/TIA 568 and IEC 11801).

With this minimum requirement of performance, the end user is assured that their installed system will support networking applications today and into the future which have been designed to run on their cabling system.

If any certified links subsequently fail to meet specified performance requirements, the DINTEK warranty covers the repair or replacement of defective components and/or cable and the labor associated with this repair or replacement as per the terms of the warranty.

The requirements of the warranty program include installer certification, verified compliance with the design, installation, maintenance and operation practices as well as test, labeling and administration procedures as specified in the 568C Commercial Building Telecommunications Cabling Standards.

These minimum requirements ensure that all the links will provide the expected performance requirements and also help facilitate easy changes, additions and relocations which will decrease the end users total cost of ownership over time.

PRODUCT WARRANTY COMPONENT

The product warranty certifies that our product will continue to work for 25yrs, assuming normal working conditions.

APPLICATION ASSURANCE WARRANTY COMPONENT

The Application Assurance Warranty states that any application that has been designed to run on the cabling system certified and which complies with the applicable standard attached to the cabling system, will continue to run for a period not exceeding 25years

SYSTEM PERFORMANCE WARRANTY COMPONENT

The System Performance Warranty certifies that the system including cable and connecting hardware that has been tested and has passed all the requirements of the DINTEK Warranty, will meet or exceed the performance requirements of the applicable Standard that applies to its category for a period not exceeding 25yrs.

Backed Up By Installer Certification

There is much more to cabling system performance than buying good quality cable and connecting hardware. In order to ensure that your system performs to it's full potential, a structured cabling system needs to be properly designed, installed, and administered.

Because of these critical factors, DINTEK Electronic Ltd developed the DINTEK Certified Installer Program, to offer training to our installers enabling them to install standards based structured cabling networks that would be able to take advantage of our comprehensive 25yr Warranty.

The DINTEK certified structured cabling training program provides a comprehensive theory and practical skills 1, 2 or 3-day course on the design and installation of structured cabling systems.

TRUMPF Punching Machine

TRUMPF Laser Cutting Machine

■ About HYPERTech:

hyper tech technology systems is Germany company established in year 2003. we start produce Data Centers and Telecom Racks and all Cabinets accessories from China factory , and all PVC Cable Duct and Number Cables from Turkey factory, The company is a collection of development of metal products, research and development of new products, and large-scale production.

The company takes "quality and credit first, best service to customer" as an aim.

The main products are as follows: network cabinets, chassis, server cabinet, control console, TV wall screen and other kinds of non-standard metal cabinet, high and low voltage power distribution cabinet, and network monitoring, security equipment, OEM production etc.. The company pays much attention to the high quality, good reputation and contractual stipulation, and has received the consistent praise from the customers. And the company is designated as long-term fixed supplier by many large enterprises at home and abroad.

With high quality and low price, the products of the company have been widely used in electronics, computer, network communication, aerospace, radio and television, building monitoring, lighting and sound, education, finance and other fields.

The products have been exported to many countries such as Egypt, America, Canada, Australia, Russia, New Zealand, Mexico, Brazil, Argentina, Jordan, Saudi Arabia, Bahrain, Nigeria, Thailand, etc. The products have formed a considerable scale sales network and customer service system at home and abroad. The company has the complete hardware and software conditions to provide high quality products and excellent service for domestic and foreign customers.

Scientific management, advanced equipment, strict training for technical workers and modern production methods ensure high quality of our products.

The company supplies high quality products with economic price.

"Quality and customer come first" is our goal. We provide customers with satisfactory products and services in accordance with international standards.

HYPERTech®

نحن من غيرنا مفهوم سوق الراكات بمصر وذلك لعدة أسباب:-

في بداية عام 2005 بدأنا رحلة التصنيع المحلي لدي الغير وتميزنا حينها بتوفير صالة عرض بمول البستان مخصصة للراكات بدلا من التصنيع حسب الطلب وكان هذا المفهوم السائد حينها وعندما وجدنا صعوبة في امكانية تطوير الراك بمصر توجهنا فوراً لتصنيعه بالصين وكان اسمه راك ماستر MASTER وسرعان ما انتشر الراك بمصر ولم نكتفي بذلك بل قمنا بتصميم اسطوانات بمواصفات خاصة راعينا فيها تخفيض التكلفة ليكون سعره في متناول الجميع مع الالتزام بالمواصفات القياسية العالمية في إطار عملية البحث والتطوير وفي مطلع عام 2016 أصبحنا الموزع الحصري لماركة **HYPERTech®** Technology Systems والتي يتم تصنيعها بالصين حسب المواصفات القياسية الألمانية وبذلنا جهوداً مضنية حتي أصبح البراند معتمد رسمياً بمعظم مكاتب الاستشاريين بمصر.

جرت الأعراف أن اللون الرسمي للراكات هو الاسود **black** ولم نقتنع بأن نفرض هذا اللون علي عملاتنا بحجة اتباع الاعراف وبحثنا في امكانية تغيير ذلك فوجدنا أن اللون الابيض لا يحتفظ بالحراره وكل تفاصيل المكون الداخلي تكون رؤيتها أفضل مع اللون الفاتح فقمنا فوراً بهذا السبق وقررنا تغيير الـ **Color Code** ليصبح اللون **white of & gray color**

Network Cabinet -WM6U-6045

Network Cabinet -WM9U-6045

ماميزنا

لدينا فريق من الفنيين المدربين علي جميع الراكات علي اعلي مستوي تقني

حصريا ضمان مدي الحياه علي الراكات حيث نوفر كل قطع الغيار اللازمه لذلك

لدينا أكبر مخزون راكات بمصر حيث تم تخصيص اربعة عنابر بمخازننا علي مساحة 4000 متر مسطح فقط للراكات بحيث نتميز بالجاهزية للتوريد في أي وقت

جميع الراكات تم تجهيزها لتعمل بنظام الحماية **Earth protection system**

حرصنا على تحقيق شعرنا **4 Best (Best price-Best service-Best quality-Best guarantee)**

وكنا وما زلنا نواصل الليل بالنهار لنكون دائما عند حسن ظن عملائنا وشركائنا في النجاح والذين ندين لهم بالفضل في تواجدها واستمرارنا بالسوق علي مدار اكثر من ربع قرن من الزمان نواصل النجاحات والتحديات

About AKIS:

AKIS company was built in 2012 in Istanbul. Company factory is with an area of 6000 m2 in the production cable trunkings products, Abs and Pc panel boards, Steel and Insulated steel spiral, Aspirator and etc. electrical materials.

With an annual production capacity of 24,000,000 mt of cable trunking, 900,000 pieces of electrical panels, 4,000,000 mt steel spirals and 750,000 aspirators, it is advancing towards greater goals with you, our valuable business partners, without compromising on quality. We are proud to serve our valued customers, trusting our thirty years of knowledge and experience.

We are aware that the way to stand out in the globalizing world is to work consistently and to provide better quality products and services.

Our motto and our ultimate goal is the satisfaction of our customers.

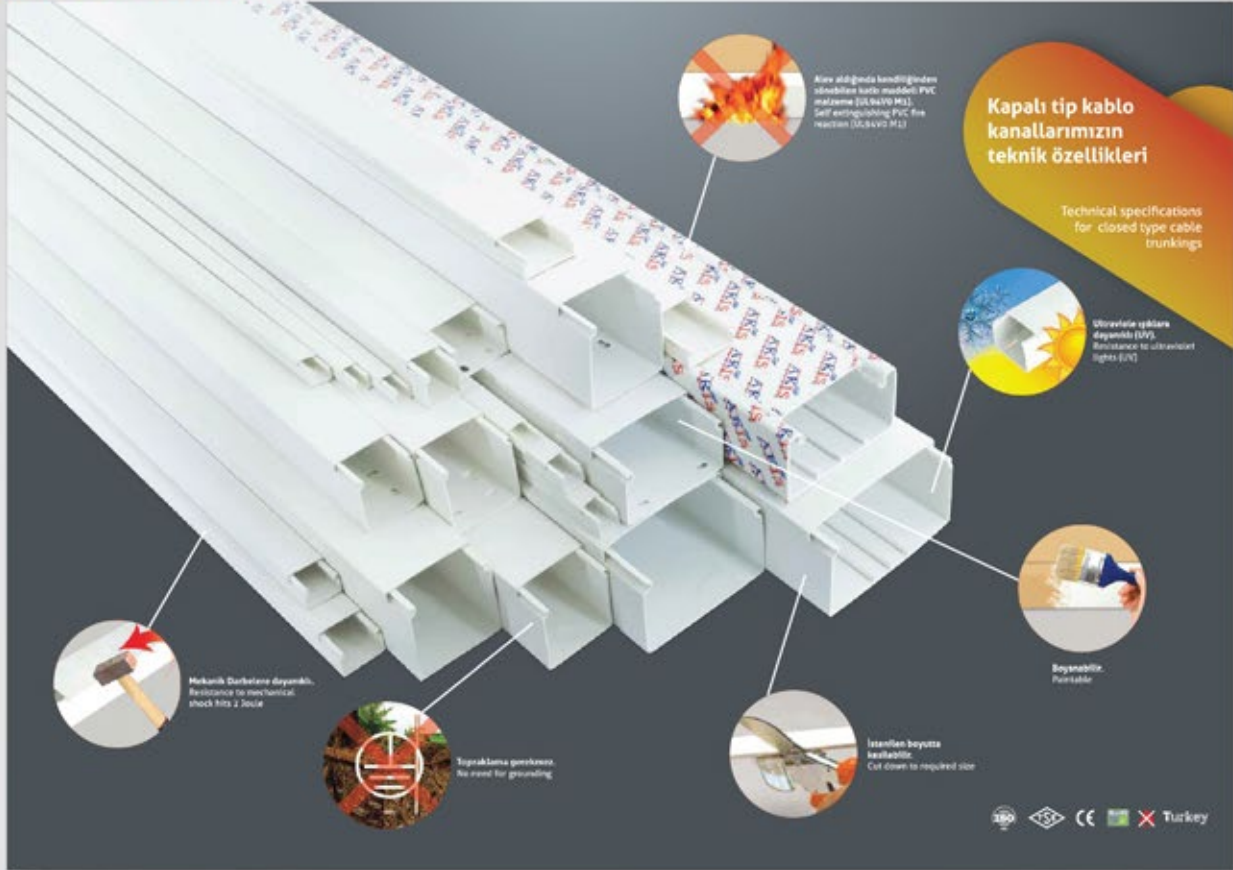

CERTIFICATES:

Our quality policy is to document our quality management system according to TSE Turkish Standards Institution and ISO 9001, to certify and to make it better. Achieve targets without losing the team spirit within the company by taking basis of "Quality Philosophy"
